Work Experience

Council of Elders

Mystic Tower, Avalon

MAGICAL ANALYST

Jun 1924 - Current

- Investigated and resolved inefficiencies in magical energy distribution for the Kingdom's protective barriers, discovering an ancient and forgotten ritual. Achieved a 150x power boost by optimizing spell flow, significantly enhancing defense capabilities.
- Led the charge in addressing the issue of misfired spells causing unintended transformations. Developed a custom charm and enchanted artifact, preventing these errors and saving the council significant resources.
- Spearheaded the standardization of spell casting protocols and the preservation of ancient knowledge in the Mystic Library, integrating enchanted quills for seamless documentation. This initiative improved knowledge transfer and enhanced collaboration within the Order.

Circle of Magi

Mystic Tower, Avalon

APPRENTICE SORCERER

Sep 1823 - Current

- Joined the Circle specifically to resolve persistent magical distortions during rituals, despite having no prior experience with high-level magic. Quickly mastered the ancient spells through dedicated practice, significantly improving ritual outcomes.
- Created arcane manuals and trained two additional apprentices, ensuring knowledge transfer and continuity within the Circle for consistent spellcasting.
- Developed a magical automation spell to manage ritual components, crucial during a high-stakes summoning. This allowed the Circle to focus on other critical tasks, ensuring the ritual's success.

Projects

Enchanted Image Projection

Spell Contributor

Obsidian Plugin

Nov. 1923 - Current

- Developed an Obsidian plugin to enable direct embedding of enchanted images in spellbooks, addressing a specific and niche demand within the magical community.
- Quickly learned the Obsidian API and ancient runes from scratch, successfully applying these new skills to develop a spell, despite having no prior experience.
- Received over 2,000 downloads and 20 bookmarks despite targeting a niche audience, reflecting its unexpected popularity and impact.

CS410 Magical Engineering Capstone

Lead Enchanter

Bishop's University of Magic, Sherbrooke, Avalon

Sep 1821 - Dec 1821

- Successfully led a team of four in a professional capacity to spearhead the design and development of a dynamic magical artifact using Ancient Runes and integrated Spell Templates. This project strictly followed full arcane development cycles, employing the Spiral Model.

ArcaneDocumentor

Author

GitHub Repo

Apr. 1924 - Current

- Developed a tool that automates the creation of enchanted documents using ArcaneTemplates. This tool enhances efficiency by streamlining the process of creating spell scrolls with consistent formatting.

Other Experience

Applewood's Grove

Enchanted Woods, Avalon

Archmage's Assistant

June 1719 - Current

- Provided consistent arcane support during apprenticeship through remote spellcasting, handling supply orders for rare ingredients, creating magical manuals, instructing on ritual operation, and managing magical records and scribe work, ensuring smooth operations even from a distance.
- Acquired in-depth arcane knowledge through targeted electives in Magical Flora and took the initiative to obtain a Mastery in Potion Crafting.
- Experimented with organic-compliant ritual designs and enchantment methods, significantly reducing ritual preparation time by half through early intervention, while aligning with sustainable magical practices.
